SUMMARY

Experienced Project Manager with over 15 years of expertise in leading educational and technological projects, specializing in the development and management of certification programs. Skilled in cross-functional team collaboration, stakeholder management, and project execution. Holds a strong background in STEM and extensive experience with Learning Management Systems.

EXPERIENCE

Stripe / Certification Program Manager

2021 - 2022 / Remote

- Managed the development and global launch of Stripe's Certification program, coordinating with subject matter experts to create content and learning materials.
- Led cross-functional teams to ensure seamless integration of LMS requirements and execution of social media strategies to enhance program visibility and participant engagement.

Uno Health / Learning & Development Consultant

2022 - 2023 / Remote

- Revamped e-learning modules, significantly improving engagement and learning outcomes through effective project management and stakeholder collaboration.

Stanford University Dept. of Art & Art History / Adjunct Professor

2021 - 2022 / Palo Alto, CA

- Led the creation and launch of a global certification platform focusing on user experience and multilingual accessibility.
- Worked closely with all components in content development, including recording, editing, and translating content within Articulate 360.

Gray Area Foundation / Director of Education

2011 - 2018 / San Francisco, CA

- Curated over 100 educational programs with a focus on user engagement through digital and interactive technologies.
- Forged partnerships to enhance program offerings, focusing on scalable impacts through user-centered educational experiences.

VOLUNTEER

National Alliance on Mental Illness (NAMI)

2023 - Current / Portland, OR

- Developed a custom-trained AI language model, playing a pivotal role in securing $155k+ in grants for mental health support, benefitting both Clackamas County Prisons and LatinX communities
